Mercury Outboard Repair Manuals

NOTE: Mercury DOES NOT Use Model Years For Parts Lookup. This Chart Is For Reference Only, Since Many Aftermarket Parts Manufacturers DO List Parts By Year A "0" in front of the serial number is not significant, it's a placeholder only for Mercury's software. So if your serial number is "0 1234567" you would use only the "1234567" part of it when looking at the chart below

How to Adjust Idle Screws Mercury 75 90 100 115 125

Of course your motor's impeller needs to be changed regularly, but it's also a good idea to replace other components of your water pump to maintain proper engine cooling. Water pump kit contents vary so please take a look at the categories below and check the content of the kit you order. Items included may be an impeller, wear plate, impeller cups, o-rings, grommets, mounting bolts, pump ...

Re: Mercury 115HP '93 2 stroke - Where is the fuel filter? It is that large white cylindrical object in the second pic. I think there's another small one on the other side of the motor. You have to remove the oil tank to see it. It goes on the line from the accelerator pump to the lower cylinder check valves.

1994 Mercury 115hp 2 Stroke

I have a 1994 mercury 115hp 2 stroke outboard. and the serial number is ***** out and unreadable. Mechanic's Assistant: Sometimes boat issues seem like they'll be really complicated, but end up being easy to fix. The Marine Mechanic I'm going to connect you with knows all the tricks and shortcuts.

Mercury 115HP '93 2 stroke - Where is the fuel filter ...

I've got a 1994 115 HP Mercury outboard. It will start and stay running as long as the RPMs are high but when decreasing the motor simply dies. Simply put. It will not idle at slow speeds. Background. A couple of weeks ago, I had it out and ran it at low and full speed. When I slowed down (no wake zone) it quit all of a sudden.

New & Used 1994 Mercury Outboard Motor Prices & Values ...

AMSOIL synthetic lubricants are the solution for anglers and boaters who want the most from their 1994 MERCURY 115 (4-cyl. 1848.8cc 2-stroke).
