That only half of the population believes the U.S. is No. 1 might seem crazy given the size and scope of America's military. Take military spending, the most obvious indicator of a nation's power.

Rep. Warren Davidson: The Army-Navy game is 'America's ...

Summary. The United States has the best military in the world today, by far. U.S. forces have few, if any, weaknesses, and in many areas—from naval warfare to precision-strike capabilities, to airpower, to intelligence and reconnaissance, to special operations—they play in a totally different league from the militaries of other countries.
