AVIXA CTS Certification Sample Questions and Practice Exam ...

A camera was installed about 180' (55m) from its 1.5A 12v power supply, the power supply is dead, and needs replacing. Assuming that the camera can operate normally within +/- 10% of the power supply voltage, if 18 gauge wire was run initially and an almost 3v drop is present, what is the correct action?

100% Guarantee to Pass Your InfoComm CTS Exam

This is really the best resource to study for the exam, but CTS General is not that difficult. The hardest part of the exam was knowing which was the 'most' right answer. This part frustrated me a little. Not enough to come close to not passing, but the wording of their questions and options for answers are not always what you would expect.
