Df Pseudo Democrat S Dilemma

"The Pseudo-Democrat's Dilemma offers a brilliant and groundbreaking theory of how, over time, individual strategic state actions unintentionally can generate and diffuse new international norms. With a powerful analytical model, methodological sophistication and careful attention to historical nuance and detail, Susan D. Hyde not only explains the rise of international election monitoring but also offers a compelling general account of why states now accept a host of intrusive external ...

In *The Pseudo-Democrat's Dilemma*, Susan D. Hyde explains international election monitoring with a new theory of international norm formation. Hyde argues that election observation was initiated by states seeking international support.

Essays: Democracy's Dilemma - Schneier on Security

In today's polarized political climate, all a would-be candidate has to do is say "The Democrats supported this" or "Those Republicans think marriage should be between a man and a woman." This usage of the opposition as "the enemy" creates the impression that whatever "the enemy" believes MUST be wrong or bad--simply because they're the enemy.
