E-Commerce Tutorial - Tutorialspoint

E-commerce is selling and buying goods and services from the internet and paying through this medium. This transaction happens between clients to business, B2B, client to client. As in between all this, there are money transactions which we should be cautious when using, or setting up e-commerce websites.

E-Commerce Platforms - Tutorialspoint

E-Commerce - EDI. EDI stands for Electronic Data Interchange. EDI is an electronic way of transferring business documents in an organization internally, between its various departments or externally with suppliers, customers, or any subsidiaries.
