Liberal Leviathan engages these debates. G. John Ikenberry argues that the crisis that besets the American-led order is a crisis of authority. A political struggle has been ignited over the distribution of roles, rights, and authority within the liberal international order. But the deeper logic of liberal order remains alive and well.

### ~~Liberal Leviathan: The Origins, Crisis, and Transformation ...~~

John Ikenberry argues that the American power has been fused with the international order. It now transcends America, it has become global "liberal order". America has become "Liberal Leviathan", which is bigger than America itself. To put his thesis simply, the American liberal hegemony has been a success story.

### ~~How Intellectuals Cured 'Tyrannophobia'—Pursuit of Patriots~~

Almost 400 years ago, English philosopher Thomas Hobbes wrote a book scoffing at tyrannophobia—the “fear of being strongly governed.” This was a peculiar term that Hobbes invented in *Leviathan*, since civilized nations had feared tyrants for almost 2000 years at that point. But over the past 150 years, Hobbes’ totalitarianism has been defined out of existence by apologists who believe ...

### ~~G. John Ikenberry—Princeton University~~

Holmes hailed Hobbes as a “pre-liberal”—which makes as much sense as touting Hitler as a “post-liberal.” “Leviathan” has long since lost its onus among the academic elite. In 2012, Princeton University professor John Ikenberry’s *Liberal Leviathan: The Origins, Crisis, and Transformation of the American World Order* was published.

~~G. John Ikenberry—Foreign Policy~~

Ikenberry provides the most systematic statement yet about the theory and practice of the liberal international order, and a forceful message for policymakers, scholars, and general readers about why America must renegotiate its relationship with the rest of the world and pursue a more enlightened strategy--that of the liberal leviathan.

~~Liberal Leviathan | Princeton University Press~~

Liberal Leviathan is a monumental work of political science that will stand for many years as a canonical statement on a topic—U.S. foreign policy and the liberal international order—that has been, and will continue to be, on the short list of the large topics of international history and politics.
