In my quest to find a deal on a mig welder, I have encountered a Hobart Betamig 250 about 45 min away from me. ... He said he's owned it for about 4-5 years. He's not the original owner but says it is excellent. He says he was just doing 1/2" steel with it no problem. He claims parts support should be no problem at all. ... Hobart beta-mig 250 ...

HTP replacement MIG welding gun and parts for Hobart BETA MIG welders. The original MIG gun and parts (Hobart 20A/25A) have been discontinued for many years; the HTP replacement MIG gun is a direct replacement for your machine, but you old consumables will NOT fit the HTP replacement MIG gun. When you purchase an HTP replacement MIG welding gun, you will also need to purchase new consumables.

## Hobart Beta Mig RC1-200 Owners Manual Welder Single Phase ...

The bodyshop I work next to just upgraded all their welders and I got the chance to pickup an old Hobart Beta-MIG 200 for real cheap (\$100), but its got a few issues. The spec# is N6331-2, and by the serial number it looks to have been built in '83. First, I'm told the wire feed mech. is broken. Any common problems I should look for?
