

Mile2 Certified Ethical Hacker

Mile2 Certified Ethical Hacker

Certified Ethical Hacker (CEH) is a qualification obtained by demonstrating knowledge of assessing the security of computer systems by looking for weaknesses and vulnerabilities in target systems, using the same knowledge and tools as a malicious hacker, but in a lawful and legitimate manner to assess the security posture of a target system. This knowledge is assessed by answering multiple ...

Certified Ethical Hacker - Wikipedia

To protect an information system you need to be able to see that system through the eyes of the attacker. The Certified Professional Ethical Hacker certification course is the foundational training to Mile2's line of penetration testing courses because it teaches you to think like a hacker.
