Alex; April 28, 2018; I've said it on Twitter already but a lot of this reminds me of Blender in a very good way, already. No matter if the icons get flattened out or remain in a similar style to this – all the other ideas about UI and consistency improvements are so cool that it really feels like more than only one leap for Blender.

Best 3D Animation Software in 2019 - 360 Quadrants
The Dutch animation studio NeoGeo (not associated with the Neo Geo video game brand) started to develop Blender as an in-house application, and based on the timestamps for the first source files, January 2, 1994 is considered to be Blender's birthday. The version 1.00 was released in January 1995, with the primary author being company co-owner and software developer Ton Roosendaal.
