still being reviewed and defined and will be represented in the System Design Document as they are clarified, prioritized, and duplications are removed.

Conceptual Solution Architecture Template

What I mean by a template (for a

File Type PDF Sharepoint Solution Architecture Template

document) is a basic word document for example with the key headings. The issue I'm trying to address is how to articulate in a simple way the solution architecture such that all interested parties can peruse it for the follow on tasks i.e. risk assessment, costing, detail design, build, test, support, etc.
