In 2004 Ralph Keyes used the term "post-truth era" in his book by that title. In it he argued that deception is becoming more prevalent in the current media-driven world. According to Keyes, lies stopped being treated as something inexcusable and started being viewed as something acceptable in certain situations.

"Dishonesty inspires more euphemisms than copulation or defecation. This helps desensitize us to its implications. In the post-truth era we don't just have truth and lies but a third category of ambiguous statements that are not exactly the truth but fall just short of a lie. Enhanced truth it might be called.

The Post-Truth Era offers perceptive analysis of American culture in the new millennium. Without the recovery of truth, this civilization is doomed to a descent into even deeper levels of deception and dishonesty. As a culture, it's about time we faced the truth about our acceptance of untruthfulness.

their dishonesty. No one has paid more attention to the issue of contemporary dishonesty than Bella DePaulo.<sup>1</sup> Over more than two decades' time the psychologist has assessed from many different angles how often we lie, to whom, how, and why. The more eager we are to make a good impression, she has found, the more likely we are to tell lies.
